Steve dear
I wave you
And I'm gonna
miss you so much
Be good & if you can't be
good be "careful." Come &
see me when youre home.

Dear Steve,
Been a lot of fun
Seeing you Sales & Law
Class. You make the whole
Class glad of fun. Steve, I think
You are one of the nicest guys. I kinda hate
To see you leave But I'll probably see
Know at this School. I'll probably see
You over the Summer since I'm always
at Hughes Market. But if I don't
Have a nice Summer. I
never will forget you
knowing you will
Be a Memorable
thing for the
Rest of my
Life. Good
Luck always
Love, Nikki

Steve Conner

Steve -
It's been a
great pleasure
getting to know you
this year and I simply
think you are really
swell and a
terrific boyfriend. She's
also very
really cute.
Love Always
Dana Lee
Ebby

Steve -
It's been a great pleasure
getting to know you
this year. I think you're
swell & a terrific boyfriend.
Best of luck in the future
& remember me
Love Always
Kathy Foster

Steve,
Be good!
It's been swell knowing you. Good luck! Don't know how I'll manage without you. But we'll try to make the best of it. Stay out of trouble.
Love!
Terri

Steve.
May you have all the success the world has to offer to you, a very wonderful person.
Good luck & best wishes,
Mary Kilburn

Steve -
You are a wonderful guy and you have helped make our senior year a great success! I hope life will bring all the happiness the world has to offer. You be good and take care of Wendy!
Love,
Debbie 5/66

To a real good guy!
Lots of luck in the future!
your friend
Louie

Steve -
Well Steve I guess you know I like you very much and think a lot of you. [illegible] always be happy!
Love, Karen [illegible]

Steve,
I've known you all through high school and you have to be the craziest - I've had a real ball having you in my classes. The best of luck always to a great guy.
Love 'n Luck
Pat Keyaunga
5/66

Steve:
To a really great guy. It has been a real ball knowing such a sweet guy. Hope I see you after graduation, keep in touch
Always
Your friend

This years' Valhalla is dedicated to the Viking spirit

This year's Valhalla is dedicated to the Viking spirit and to the recording of the progress of the Viking shop. Spirit means many things and is shown in many ways. It is at its most obvious when we cheer for our teams. It is most important when observed as the day-to-day orderly progress in the academic and student activities carried on. It is shown by the pride which is ours when we rejoice in team victories, in the achievements of our outstanding students, in awards won by individuals and groups within the school. It is felt through the support of community and parents for the work being done here by their wonderful young Vikings and by our truly outstanding faculty. This year, as has been true of all of the years in our brief history, has been filled with successes and with much progress.

The Vikings of the Valley can truly look with satisfaction upon the excellent work done by all hands as the Viking ship continues steadfastly on its way.

MONROE VISITS NAGOYA

Arriving at Nagoya Station.

Nagoya Municipal Technical High School extended the warmest of receptions to ten Japanese language students of Miss Kato: Terry Courier, Kathy Bray, Carolyn Ferkel, Candy Kleiner, Cyndi Icardi, Randa Turpin, Julie Suzumoto, Eric Oborski, Art Singer, and George Isted. Barely two years since we became sister schools, the "East and West" met in a common bond of friendship: for a few, friendships which began earlier as pen pals.

The City of Los Angeles had designated the Monroe students as the official representatives of the Nagoya-Los Angeles annual student-exchange. As a result, the entire city of Nagoya opened its arms in welcome. Families doted over their temporary "sons" and "daughters," giving them personal contact with Japanese family life. Newspapermen and television newsreel cameramen were everywhere as the students were shown the city of Nagoya.

Thanks to Mayor Sugito, Mr. Onishi, sister school principal, and all the hospitable people of Japan, the students learned the importance of understanding through mutual appreciation of one another's cultures.

GIRLS' AND BOYS' STATE

It was my privilege to be chosen Monroe's representative to California Girls' State in 1965. This has been the most rewarding learning and social experience of my life to date. For eight days in June, five hundred and sixty girls assembled at the Davis Campus of the University of California to learn how our city, county, and state government operate. Through direct experience of running for offices in these three levels of politics, we gained knowledge that will be invaluable to us for the rest of our lives.

The purpose of this program, which is sponsored by the American Legion Auxiliary, is to enable the young citizens of today to be better prepared to be leaders of tomorrow.

Upon our arrival at Davis, we were assigned to cities, counties, and political parties, either Whig or Tory. During the following week we elected our own officials, from Mayors of our cities to the Governor of the state. The elected state officials were installed in a public ceremony, officiated by Lieutenant Governor Glen Anderson.

We greatly enjoyed becoming acquainted with each other, and formed immediate friendships as we shared responsibilities, songs, and happy experiences.

It has been a great privilege to be a Girls' State citizen. There is no better way to 'achieve with honor.'

Tedana Beem
Girls' State Citizen, 1965

Boys' State is a program in government and leadership for high school juniors sponsored annually by the American Legion. Approximately eight hundred and fifty boys are selected from various high schools throughout California to participate in this program, which will now be in its twenty-ninth year.

After arriving at the California State Fairgrounds, where Boys' State is held, we were assigned to political parties. The two parties were the Whigs and the Federalists, and I became a Whig. Then we were divided into cities and counties, named after famous Americans and famous personages of the American Legion. Forty boys made up a city, and three cities constituted a county. My city was Burbank, in Dukes County.

At a city meeting that day, I was chosen as Yell King for my city. Later, we began the organization of a daily Boys' State newspaper, of which I was an editor.

As our first move in the organization of a state, nomination petitions were circulated for city office, according to the election laws of California. With city officials being installed the next day, we prepared to elect our county officers, and I became assistant County Supervisor, as well as civil defense coordinator.

Ordinances were enacted by city councils, regarding speeding laws, requirements for entering a city, and fines and penalties for lawbreakers.

With city and county affairs now being administered, and party platforms being formulated, the next step was the party primaries for state office. I ran for the Whig nomination for Lieutenant Governor, against eleven other candidates. I lost the nomination, but after state elections I was appointed to the State Board of Equalization by the Governor of Boys' State.

Our visit to the state capitol the next day included a tour of the golden-domed capitol building, a meeting with Governor Brown in the newly-redecorated Assembly Chamber, and lunch on the capitol grounds.

The Boys' State Senate and Assembly convened in the Chambers of the corresponding chambers of the house of the California Legislature. Resolutions passed by Boys' State legislators were actually referred to the State Legislature for action.

Aside from the work involved at Boys' State, I had several interesting experiences which were more recreational in nature. I was in charge of civil defense for my county, and when my city was attacked by another city, I immediately formed an alliance with several other cities and planned a full-scale counter attack.

A jamboree was held on the last night to climax our stay at Boys' State. Awards and a talent show were then presented.

It was a great honor for me to be able to represent Monroe at Boys' State. In the eight days I spent at Sacramento, I learned many things about my country that can't be found in textbooks. At Boys' State, we learned by doing.

Through teamwork, we learned about and participated in the functions and principles of democratic government. Most important, we gained a new insight on what it means to be an American citizen. We learned the rights, privileges, and responsibilities of citizenship.

I urge every eleventh grade boy to apply for the Boys' State program. It is a terrific experience and a great opportunity for learning and self-enrichment.

Bob Evans
Boys' State Citizen, 1965

OUR FOREIGN EXCHANGE STUDENTS

To be an exchange student is such a wonderful experience. During one year you live in a completely different surrounding. You have a learn a new language, new customs and ideas.

I am very fortunate to be at Monroe High School, a school with a wonderful spirit and a lot of friendly and helpful students.

When I have to pack my suitcases to go back to Switzerland, I know that I will miss Monroe, California and all my new friends badly.

Gabrielle Kobel
International Christian Youth Exchange
Switzerland

It is a pleasure for me to write some of my impressions about the United States in the annual of James Monroe High School.

First of all I have to say that I am a very fortunate and glad person to be able to spend a year in this great country, among these wonderful people, and this year in America is going to be one of the biggest experiences in my entire life.

Before I came here, the only thing I knew about United States was that it was a very important country in politics, economy, and science, as well as in modern discoveries and inventions, and with all the comfort possible. I got to think that the American people were a cold and busy people, only interested in those things. But as soon as I got to know them, I saw that I was wrong.

Although United States is a such modern and advanced nation, it has a thing that is even more important than those material goods. United States has a warm, friendly, and wonderful people, who are always ready to welcome a foreigner and make him feel like an old friend.

I am sure that this year in Monroe High School is going to be unforgettable for me, and the friendships I am making here will last for the rest of my life.

VIKINGS AT THE ROSE PARADE

Another Monroe First . . . Our Viking Marching Band was the first Los Angeles City School Band to participate in the famous Rose Parade in Pasadena, last January 1st. The parade wound through seven miles of Pasadena streets, and was carried on every television station and viewed by millions. Mr. Logan, the band director, should be given a lot of credit for doing a wonderful job in developing this fine group. Of course, unqualified praise should be given to our tremendous band members, who worked diligently all semester. They deserved this high honor.

Golf Line

Pow! Crash! Krunch! This is the year of the Dynamic Duo, and the Vikings of the Valley are not without candidates for this coveted title. Leading the parade are last year's co-most valuable players, Norm Sanesi, captain, and Jim Royce, 79 average. Yes, they are a Mighty Couple, dreadful to behold. Does any other school have such a fearsome duo? We think not. And right on the threads of their capes comes another duo—gifted in its own way—The Jokers—Ron Osborn and Sam Hansen—known by their code names, "Wedge" and "Alfonso." Perhaps their golf is not outstanding, but they are funny boys, and pity the opposition that tries to be serious with them. Next are the once Bashful B-11's—but no more. Oh no, when in the old days they—Kim Kelly and Jim Duey—could be talked out of a match—now they can't even be talked to. Pity the poor opposition when this duo becomes B-12's. And, filling out the formidable foursomes come Grady Aldridge, a youngster, who can't remain that way forever; Tim Saivar, a slicer, who can't remain that way forever; and Jack Jorgensen, a tiger, who might remain that way. Holy Fore!

WE WELCOME OUR NEW VPS

It is with great pride that I write this paragraph for inclusion in the 1966 Valhalla. Using past productions as a guide, this Valhalla should be a real source of pride for all Monroe students, their parents and their teachers. This is only one of many endeavors at Monroe in which I have found excellence to be dominant. As the pages that preceeded will verify, this has been another year in which student after student, group after group has lived up to the school motto and has achieved with honor. My congratulations to each of you.

Mr. L. Foster

To the Monroe Vikings—

Congratulations to each of you for your part in helping to make Monroe's eighth year another year of successful achievement in scholarship, athletics and other areas of academic endeavor.
